Dr. Craig Downs
Haereticus Environmental Laboratory
P.O. Box 92
Clifford, VA 24533

Dear Dr. Downs:

On behalf of the Coral Health and Disease Program, at the Center for Coastal Environmental Health and Biomolecular Research in Charleston, I want to thank Haereticus Environmental Laboratory for their generous donation of a new software application to measure and quantify the area and rate of healing for tissues in corals. This tool will greatly facilitate our ability to conduct these image analyses and will add a new capability to our analytical tools.

Sincerely,

Cheryl M. Woodley, Ph.D.
Program Manager
Coral Health & Disease
